	<b>Location</b>	Hybrid	<b>Application Closing Date</b>	25th July, 2025
	<b>Start Date</b>	To be communicated	<b>Duration</b>	Three months, with possible extension

### POSITION SUMMARY

The Africa Network of Agricultural Policy Research Institutes formerly known as the Regional Network of Agricultural Policy Research Institutes (ReNAPRI) is a consortium of national agricultural policy research centres across Africa dedicated to generating high-quality evidence to support policymaking throughout the continent. ANAPRI collaborates with national, regional, continental, and international partners to transform Africa's food systems by promoting sustainability, resilience, inclusivity, and improved living standards. Established in 2012, ANAPRI is currently composed of 16 national agricultural policy research centres located in 15 countries, in central, east, west, and southern Africa.

ANAPRI is offering an internship opportunity for individuals with strong proficiency in French and a keen interest in communication, outreach, and policy. As a **French Communications Intern**, you will support the team by translating content from English to French, interpreting during meetings, and helping to ensure inclusive communication across Francophone member centres. This is an excellent opportunity for individuals seeking hands-on experience in multilingual communication, policy engagement, and development-focused media within a pan-African context.

### DUTIES AND RESPONSIBILITIES

Overall, the Intern will work at the ANAPRI Secretariat, performing a range of technical support functions which include, but are not limited to:

- Translate ANAPRI communication materials (e.g., social media posts, newsletters, articles, policy briefs) from English to French.
- Interpret during virtual ANAPRI meetings, workshops, and webinars where French-speaking participants are present.
- Assist the communications team in developing bilingual content for ANAPRI's digital platforms (website, social media).

- Attend relevant ANAPRI meetings and provide simultaneous or consecutive interpretation as needed.
- Take notes during meetings and support the development of bilingual summaries or reports.
- Coordinate with communications focal persons in Francophone member centres to ensure localisation and contextual accuracy of translated content.
- Support relationship-building and engagement with French-speaking stakeholders.

## QUALIFICATIONS

The successful applicant is required to meet the following criteria:

- A bachelor's degree in communications, Languages, Development Studies, International Relations, or related fields.
- Fluent in French and English (spoken and written); knowledge of Portuguese is an added advantage.
- Strong writing, editing, and proofreading skills in French.
- Experience with translation or interpretation is highly desirable.
- Proficient in MS Office tools and digital collaboration platforms (e.g., Zoom, Google Workspace).
- Ability to work remotely, independently, and meet deadlines.
- A strong interest in agricultural development, policy, and communication is an asset.

## APPLICATION DETAILS

Interested candidates are invited to send their CV and cover letter to [info@anapri.net](mailto:info@anapri.net). In your cover letter, be sure to highlight how your skills and experience align with the role and your motivation for applying.
